## *What's New in Yeshiva?*

Along with the growth and increase in Yeshiva students, there has been increased demand for keeping in touch with the Yeshiva's Torah and teachings. So we have launched a campaign to make our shiurim more accessible to graduates. This includes updating the Yeshiva website. All shiurim are now recorded and available on platforms such as YouTube and Spotify. Please check out the Yeshiva's YouTube channel where you can find over 500 Shiurim.

We have been helping local farm owners by guarding their property at night. One night a week, volunteers from the Yeshiva patrol nearby fields, acting as a deterrent against unwanted visitors and enabling the farmers to sleep peacefully at night. This is hard and intense work; however, we stay true to our mission- to protect the land and make the challenging daily routine for farmers easier.

# Rav Chaim Baruch, Rosh Yeshiva

## Rav Chaim Baruch:

Rabbi Hosha'ya said: When Israel arrives at (i.e., determines the time for) Rosh HaShana, HaKadosh Baruch Hu (HKBH) says to his ministering angels: Raise up the tribunal, and bring out the books.

Then they say: Why?

And he says: Because I wish to judge my children tomorrow when it is Rosh HaShana.

They immediately raise up a tribunal and bring out the books. An earthly court has decided to proclaim a leap year; It says: tomorrow we are celebrating Rosh HaShana. The ministering angels say to HKBH: Master of the Universe, you did not tell us that tomorrow is Rosh HaShana.

He said to them: The reckoning is in their hands, as stated (in Exodus 12:2): "This new moon (i.e. this new month) shall be to you"; it is transferred to you. As for you and me, let us go to my children, so that whatever they do, we may go along with them.

Moses said (in Deuteronomy 4:7): "For what great nation is there that has G-d so near to it, as the Lord our G-d is at all times that we proclaim upon Him?"

Now the word "proclaim" is only used in reference to festival times. Thus it is stated (in Leviticus 23:4): "These are the Lord's appointed holy occasions, which you shall proclaim at their appointed time". Therefore (according to Exodus 12:2): "This new moon (i.e. this month)" belongs to you.

Midrash Tanchuma (Buber), Parashat Bo, Siman 3

Our Sages describe how the entire world is subject to human determination. Hashem created His world. But he leaves to Am Yisrael, His people, the ability to determine the essence of that world. Even the day of man's judgement and its consequences are dependent on him, on his decision on when to proclaim that day.

We learn from this about the work we have to do in our world, the partnership that Hashem is requesting of us. We should not wander the world as guests, and certainly not as those in charge, but rather as partners who carry great responsibility.

At the beginning of the year, at the special moment when justice appears in this world, when the Divine order appears, we enter the tribunal. And our judgement and the judgement of this world are passed.

With the incoming new year, I, as a representative of the entire Yeshiva team, would like to wish you a Shanah Tovah, a Happy New Year, a year of the fulfillment of all blessings. May the blessing of Hashem that appears in our redemption continue to flow from the individual to the collective, as full partners in the Creator's world.

Shanah Tovah,  
K'tiva VaChatima Tovah,  
To you and all of Am Yisrael!

## Volunteering

### Fun with the locals

As in previous years, the Yeshiva boys have been privileged to be hosted by local families, one evening a week, for an enjoyable and fun shiur. A huge Thank you to the following families: **Klogman, Taub, Mosson, Cohen, Polack, Okvi, Ben Shlomi, Shwartz, Genot, Weiss, Reiffer, Rosenblatt, Nahari, Kazorer, Rechal and Adler.**

We are proud of all our boys who have donated blood over the past year. We are especially proud of those who have joined our weekly trips to Beilinson Hospital to donate platelets. Yasher Koach!

Since the founding of the yeshiva 5 years ago, our Beit Midrash is now home to 230 boys, 80 of which have joined shiur aleph this year. We are always seeking to grow and build for the future. Eliyashiv, our Head of Global Resources, has launched a worldwide fundraising campaign. If you share our love of Torah and want to contribute towards our vision for the future, please be in touch with Elyashiv- 0525870175

*We're  
Growing*

We are proud to share that the number of boys learning Torah in our Beit Midrash has grown to 230, 78 of which have recently joined in shiur Aleph. On the first day of Elul, the boys arrived with their parents, explored the Yeshiva and were eager to start. Next, the Rosh Yeshiva- Rav Chaim Baruch welcomed everyone and presented his vision for the Yeshiva. To end on a high, Rav Chaim invited everyone to participate in a Siyum, a celebratory meal and dancing in the dining room.

## Enlightenment

## New Be'it Midrash

Following a fundraising campaign, a new, large kitchen and a dining room has been built on 450 square metres of land. Please God it will be used for many more years to come. Local families in the area are also able to rent out the dining room for smachot. On this note, we'd like to say a special thank you to our chef- Jackie who cooks and prepares delicious food for the Yeshiva. We love you, Jackie! Many thanks and appreciation to all those who participated in the campaign. Without your assistance it could not have happened.

To keep up with the growing number of boys joining our Yeshiva, we have been busy in the last few months with expanding and renovating our Beit Midrash, classrooms and toilets.

Thank you to all those who participated!

**"Charity is equivalent to all the other mitzvot combined"**

Food rescue exists all over the world. In Israel "Leket" leads the way, tracking down, collecting and distributing leftover food around the country. With more than 100 employees, 15,000 volunteers, 27 dedicated vehicles, in 2020 "Leket" distributed 2.4 million meals and approximately 18,500 tons of fruit and vegetables. This amazing organization supplies food to over 246,000 Israelis weekly. Our Yeshiva boys volunteer by helping to distribute food to the needy across the Shomron.

# יששכר & זבולון

From when the 12 tribes left Egypt and entered the Holy Land, the Jewish people resided in Israel divided into 12 tribes. The tribe of Issachar was devoted to Torah learning, day and night. As a result, they could not financially support themselves financially. The tribe of Zebulun, on the other hand, was engaged in commerce and could only learn Torah for a portion of the day. The tribes of Issachar and Zebulun established a "partnership" in which the tribe of Zebulun supported the tribe of Issachar, and the merit of Issachar's Torah learning also transferred to Zebulun.

If you share our love of Torah, we would love to build such a partnership. For more information, please contact Elyashiv.

## IDF Evening

As the August IDF draft date approached we hosted a special evening for all the soon-to-be soldiers and their parents. Rav Chaim gave his blessing and every graduate had to speak about his Yeshiva experience. It was an enjoyable night.

A special thank you to "Camp" for donating army equipment to our graduates.

21 Yeshiva graduates enlisted in the IDF in August. We hope you stay safe and wish you all lots of luck. Eagerly waiting to see you at Yeshiva!
